

DAY 3 :: WE ARE UNIQUE

Groups from the SAME CHURCH

Look around the circle and recognize that this is the Body of Christ to you. Take a few minutes to debrief the week together. What has God taught you about being a child of God? In reflecting on your status as a child of God, how is your life impacted by this truth? In what specific ways can this group of people help you, or pray for you to live out of a constant realization of your position in Christ as a child of God? Discuss these questions as a group.

Next, each of you should grab two index cards and write your name on each card. Then shuffle the cards and each person will draw two cards...these will be the people you will affirm and encourage. If you draw your own name, put the card back and draw again. After each person has their 2 cards, think about the 2 people you've drawn. What gifts do you see in these people? How have you seen Christ in them this week? Why do you appreciate them? What are the abilities or qualities that you see in this person that they may not see in themselves?

After a few minutes of reflection, start with the person who is closest to the stage...allow the two people who drew that one person's name to share their affirmation of that individual. Plan on each person talking 1-2 minutes and then have one person lead the group in prayer for the individual. Then, move clockwise around the circle until everyone has been affirmed.
